Cascade Stables  
Attn: Barbe Smith  
700 East Drive  
New Orleans, LA 70118

Dear Barbe:

The United States Equestrian Federation (USEF) would like to congratulate Cascade Stables being designated as an official USEF Elite Training Center. This designation is part of a new USEF launch that will assist in showcasing facilities that are instrumental in providing the necessary standard of facilities to support USEF high performance training sessions.

This initiative is new but as it develops, we hope USEF will be able to provide marketing incentives to the designated USEF Elite Training Centers. Cascade Stables will have the right to be referred to as an USEF Elite Training Center as well as use of the USEF logo, list your facilities' information on USEF.org and display a USEF Elite Training Center plaque at the facility and on your website. The plaque will be shipped to you directly in the coming weeks.

The Federation is extremely grateful for all you do to support Equestrian sport in general and especially the High Performance programs.

Sincerely,

A handwritten signature in black ink that reads "Will Connell".

William Connell  
USEF Sport Director
